Dear farzaneh,

Thank you for the clarification.

I will be very glad to get travel support to attend the ICANN 58 meeting. I am very much interested in attending NCUC meetings and getting more involve in NCUC discussing process. i am a member of the CCWG working group and new gtld working group and GNSO rpm working group and have followed several mailing discussion. I have also help organise several ICANN activities in Ghana.

With my activeness and experience within ICANN community and my involvement with the IGF as a MAG member, i will say i am much more than prepared to engage more with the NCUC activities.

I hope my request will meet your kind consideration.

Thank you,
