Hi,

I would like to apply for one of the available NCUC positions on the NCSG Policy Committee.

I am a relatively new member of the NCUC, but I think I have some useful fresh insights that may be helpful in the representation of the NCUC in the NCSG Policy Committee.

My current ICANN activities are:

- NCUC: Assisting new members writing their first Public Comments (with support of more experienced NCUC members)
- Universal Acceptance Steering Group: reviewing UASG018
- TTF: new member, volunteered help
- Indigenous Program: volunteered help, prepared printing material, working on a proposal to expand the program, requested outreach funding to First Nations youth conference

I have participated in writing Public Comments. I lack experience to comment on improving Policy Committee.

Subjects of privacy, transparency, being inclusive and insuring we gain quality involvement in both policy and technical groups are close to my heart.

With kind regards
